1. Using Big Shot, Magnet Platform & Blizzard Thinlet Die cut snowflakes from 4-1/4 x 5-1/2 Whisper White cardstock.

Tip: After first run through Big Shot turn die & paper upside down & add a cardstock shim to Big Shot sandwich.

2. Using Big Shot Die Brush over basket to collect snowflakes as you remove cardstock from die. Set mask aside and save snowflakes for future project.

3. Per instructions with Big Shot Embossing Mats set emboss Snowflakes onto 3-3/4 x 5 Whisper White cardstock using Blizzard Thinlets Die & thin silicone mat.

Tip: After stacking sandwich per instructions, take sandwich (minus standard platform) and rotate on standard platform so the clear plate is on top. This will allow you to make sure the cardstock & die is straight and see what is happening as you run the sandwich of platforms through the Big Shot

4. Place embossed cardstock on paper covered surface then place snowflake mask over lining up snowflakes. Mix rubbing alcohol & 3 to 5 drops of Champagne Mist Shimmer Paint into Stampin' Spritzer. Shake and spritz over mask to create sparkling snowflakes. Set aside to dry.
