

Stamparatus Template for Punch

Corner of Stamparatus

For best results
punch in this area

Step #1 – Print template on cardstock and cut to size. *Note: 5" x 7" size will fit into stamp case.*

Step #2 – Punch in suggested area

Step #3 – Place sheet of Small Grid Paper (#149621) on Stamparatus, then place template with arrow in corner (*where hinges meet*). Place one magnet to secure template in place.

Step #4 – Place uninked stamp in die cut opening.

Close Stamparatus plate to meet stamp (*stamp will attach to plate*).

Step #5 – To Test Placement: Stamp image on Small Grid Paper under template - Ink stamp then close plate and apply light pressure over stamp. View stamped image in opening...clean stamp & reposition if needed.

Step #6 – Place cardstock under opening in template.

Step #7 – Ink stamp (*by lightly tapping ink only on surface of stamp*) then close plate and apply light pressure over stamp.
